

EURODOC EXECUTIVE MEETING
MEETING PLATFORM FOR DOCUMENTARY EXECUTIVES
AND COMMISSIONING EDITORS
Tuesday, 1st of October 2019
At Svilara, Kulturna Stanica - Novi Sad, Serbia
With the Support of MEDIA Office - Creative Europe Desk Serbia

Since 2013, EURODOC offers an exclusive opportunity of encounter between Documentary Executives and Commissioning Editors. The Executive Meeting represents a rare occasion to gather with colleagues from the documentary departments of Public Broadcasters from Europe and beyond (such as ARTE, France Télévision, Al Jazeera, ONF/NFB, RTBF, RTS, SRF, SVT, YLE, ZDF, etc. etc.), and exchange about the current changes in public service regarding documentary broadcasting and co-production.

Every year, we discuss a current topic regarding documentary evolving world. The subject we embrace in 2019 is the way documentary creation - within the new broadcasting reality of fragmented public and web-based broadcasting - , can maintain and develop its mission and reach its audience. How can public services guarantee an audience for creative documentaries, promote them, and create a dynamical relation with the viewers? Are new forms of coalition possible?
